Product Name :

Rock Study Kit

Product Code :

SLE/GG/09

Description :

This 15-specimen Rock Study Kit is an excellent choice for rock lovers. Conduct hands-on tests and use a small magnifying glass to observe the number-coded, 1" specimens of igneous, sedimentary, and metamorphic rock inside.

This Complete Rock Study Kit Includes:

Descriptions that provide helpful information and great introductions to each rock specimen

A magnifier for up-close examinations of the rocks' physical properties

A 5 x 7" display box for your rock collection

A rock identification key for the included basic rock types
