Product Name :

RF Telemetry

Product Code :

SLE/EAM/32

Description :

The complete system enables the properties of radio communications to be examined in terms of directionality, shielding, range etc., particularly as a comparison with other communication systems such as IR controllers, light, microwaves etc.

The system consists of a 433MHz low power transmitter and matching receiver.

The transmitter sends out a variable audio tone and the receiver has a built-in loudspeaker.

Each unit measures 90 x 60 x 20mm excluding aerials and requires a 9V PP3 battery.
