Product Name :

Retort Clamp Special 3-Prongs, 18/10-Stainless Steel

Product Code :

SLE/RC/02

Description :

Retort Clamp Special 3-Prongs, 18/10-Stainless Steel (Product Code: SLE/RC/02) is a three-finger laboratory clamp used to hold glassware of different diameters on a support stand. Its stainless steel fingers carry a silicone coating that cushions the glass, and it comes 190 mm long on a 12 mm shaft with a span of 0–80 mm or 0–120 mm. It is made by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, an OEM manufacturer, at its own factory in Ambala, India.

Specifications

Parameter	Detail
Material	18/10 stainless steel
Fingers	Three prongs with silicone coating
Length A	190 mm
Shaft D/Ø	12 mm
Span d/Ø	0–80 mm or 0–120 mm (two versions)
Product code	SLE/RC/02
Manufacturer	Jain Scientific Equipments Pvt Ltd (ScienceLab) — OEM
Country of origin	India (made in Ambala, Haryana)

What Is the 3-Prong Special Retort Clamp Used For?

Three fingers close on an object from three directions, centring round-bottom flasks, separating funnels, condensers and columns more naturally than a two-jaw clamp. Because the span opens from zero, the 0–80 mm version holds slim tubes as well as medium flasks, while the 0–120 mm version reaches wider vessels. That range lets one clamp serve many setups in chemistry lab glassware work, from distillation to filtration.

The silicone coating on each finger grips without scratching and spreads the load on glass, cushioning it without extra padding. Mount the 12 mm shaft in a bosshead, position the clamp before tightening, and check that the vessel hangs straight before adding liquid or heat. Keep the coated fingers away from direct flame.

What to Specify When Ordering

- Span version — 0–80 mm or 0–120 mm, based on the widest vessel you need to hold.
- Quantity — the number of clamps per bench or per stand.
- Bossheads — confirm that yours accept a 12 mm shaft, or add stainless bossheads to the order.

OEM Manufacturer

This 3-prong clamp comes from ScienceLab, the trade name of Jain Scientific Equipments Private Limited, which is its OEM and produces it at the company's own licensed factory at Saha, Amba… n India … ng hous… e
