Description :

Pipette Tip White 2-20 ul (Product Code: SLE/CL/02) is a white polypropylene disposable tip for dispensing small liquid volumes from 2 to 20ul on standard automatic pipettes. Fitting a fresh tip for every sample keeps the pipette shaft clean and helps avoid carry-over contamination between specimens, reagents and controls. The tips are supplied as a rack of 960 for reference centres and laboratories running sophisticated techniques, and they reach buyers through **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, a lab plastic ware supplier in India.

Specifications

Parameter	Detail
Material	Polypropylene
Capacity	2 to 20ul
Colour	White (standard colour)
Compatibility	Listed as compatible with all standard automatic pipettes
Packing	Rack of 960 pipette tips
Intended use	Avoiding contamination; sophisticated techniques in reference centres
Estimated volume (as listed)	0.016 m3
Estimated weight (as listed)	1.1 kg

Typical Use

The 2 to 20ul range covers the small additions made constantly in clinical and molecular work: adding sample to reaction wells, spotting controls, dispensing enzymes or primers and preparing serial dilutions at the low end of the scale. Set the pipette volume, press the shaft firmly into a tip in the rack so it seals evenly, pre-wet the tip once with the liquid for better accuracy, then aspirate slowly at a shallow depth and dispense against the vessel wall. Eject the tip directly into a waste container before moving to the next sample.

Keep racks closed until use and handle tips only with the pipette, not with fingers, to maintain cleanliness. Groups buying lab equipment for research in India often stock these general-purpose white tips for routine steps and keep filter tips for aerosol-sensitive work such as PCR set-up.

Supplier

ScienceLab is the trading name under which Jain Scientific Equipments Private Limited, Ambala, Haryana, supplies these pipette tips alongside the laboratory apparatus it produces. Institutions completing vendor registration can use GSTIN 06AAECJ8618A1ZT and LEI 3358004HRD1JIVXKYX49. Read the company profile for more background.
