Product Name :

Label Self-Adhesive Freezer

Product Code :

SLE/CL/10

Email : sales@scilabexport.com
Phone: +91-7082934803

Description :

Label Self-Adhesive Freezer (Product Code: SLE/CL/10) is a roll of 280 small paper labels,each approximately 2.5 x 2.5 cm, made for marking samples and reagents that are going to befrozen. The labels are self-adhesive and can be written on with a pen or marker, so a techniciancan record a sample number, date or reagent name directly at the bench before the tube or vialgoes into storage. They are used across laboratory services from hospital laboratories toreference centres and are supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**,Ambala, as part of its role as a lab consumables supplier in India.

Specifications

Parameter	Detail
Material	Paper
Adhesive	Self-adhesive
Writing	Writable with pen or marker
Label size	Approximately 2.5 x 2.5 cm
Supplied as	Roll of 280 labels
Intended use	Labelling samples or reagents to be frozen
Used in	Laboratory services from hospital laboratory to reference centre
Estimated weight / volume	0.25 kg / 0.0003 m^3

Typical Use

Clinical and research labs rely on labels like these to keep aliquots traceable once they disappear into a freezer rack: serum or plasma aliquots, reagent portions, extracted material and control samples all need a readable identifier that does not depend on memory or a separate sheet. The small square format fits the side of storage tubes, microcentrifuge tubes and small vials, and the paper surface takes handwriting from a pen or a fine marker.

For good adhesion, write on the label first, then apply it to a clean, dry and room-temperature tube and press it down firmly all round before the tube is cooled — labels applied to cold, frosted surfaces tend to lift. Wrap the label around the tube body rather than the cap so it stays with the sample, and keep one consistent format (sample ID, date, initials) across the team. Many buyers ordering from a laboratory equipment supplier in India add these labels to the same enquiry as tube racks and storage boxes.

Supplier

These freezer labels are supplied by **Jain Scientific Equipments Private Limited**, which operates under the ScienceLab name from Ambala, Haryana, and provides the everyday consumables that clinical and teaching laboratories need. For vendor registration, the company's GSTIN is 06AAFCJ8618A1ZT, and its export consignments are handled under Importer-Exporter Code
