Product Name :

Tool Kit, f. ICT Technicians, 110 VAC
Eqpt

Product Code :

SLE/CME/015

Email : sales@scilabexport.com

Phone: +91-7082934803

Description :

Technical Specifications:

Tool kit composed of essential hand-tools (pliers, spanners, screwdrivers, wrenches, coaxial cable crimping tools, two soldering irons (electrical and butane-gas operated)), electrical and battery drills, drill bits, measuring instruments (SWR-meter, VOM Multimeter), flashlights, compass and inclinometer (for VSAT alignment), hacksaw, Allen keys, measuring tape, knives, cable ties, antistatic wrist-band and various other useful tools.

Packaging and labelling:

The kit is composed of two sturdy aluminum transport cases. Each tool/item is allocated its specific space in the two cases.

Accessories/Spare parts/Consumables:

The butane soldering iron comes without gas due to airline transport regulations. Butane gas must therefore be acquired locally.

Instructions for use:

The high quality of this tool kit demands good practical skills from the IT/telecom technician. If used by non-technical and/or personnel without the required skills, it is strongly recommended that some instruction is given prior to using the tools.

Weight/Volume:

Estimated Weight: approximately 50kg

Estimated Volume: approximately 0,25cbm
