Description :

Student Kit Grade 5-8 (Product Code: SLE/CS/01) is a ready-to-issue stationery kit for upper-primary and middle-school learners, packed in a school bag and covering exercise books, pens, pencils, erasers, sharpeners and a geometry set. Education departments, schools and aid programmes use it to equip each pupil for a full term of written work, maths and homework. Thekit is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India, which also handles school lab equipment bulk supply for the same institutions.

- Pen, ball-point, green (BOX-10)
- Pencil, HB grade, black lead (BOX-10)
- Student’s Geometry set (BOX-20)
- Bag, school, 400x270x100mm

Typical Use

The kit is usually handed to each learner at the start of a school year or when a new programme begins. The larger A4 ruled book suits main-subject notes, the A5 ruled book works for language and homework, and the square-ruled A5 book keeps columns of figures and graphs neat in maths. Blue pens are for everyday writing while green pens are often reserved for corrections or headings, and the geometry set covers the constructions taught from grade 5 onwards.

Many procurement agencies that already order Science Tender Kits from one source add these student kits to the same tender so that classroom and lab supplies arrive together. Before distribution, store the kits in a dry place, check a sample bag against the contents list, and label each bag with the pupil’s name once it is issued to reduce losses.
