Product Name :

Ruler, Plastic, Blackboard, 100cm

Product Code :

SLE/CS/010

Description :

Ruler, Plastic, Blackboard, 100cm (Product Code: SLE/CS/010) is a metre-long demonstration ruler that lets a teacher rule straight lines and mark measured lengths on a chalkboard at a size the whole class can follow from the back row. It carries both a centimetre scale and an inch scale, which makes it equally handy for measurement lessons, geometry constructions and drawing graph axes. It is made by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, and is a practical addition to the mathematics lab kits India's primary and secondary schools put together for board-based teaching.

Specifications

Parameter	Detail
Length	100cm
Graduations	100 x 1cm and 39 x 1inch
Material	Strong plastic
Width	55mm
Thickness	5mm
Supplied as	2 x 50cm halves, assembled and held firmly together by a detachable handle
Intended use	Classroom teaching aid for the chalkboard
Estimated weight	0.307kg
Estimated volume	0.766cdm

Typical Use

Teachers use this ruler to draw number lines, x and y axes, tables and bar-chart frameworks on the board, and to show pupils how to read a scale by lining up zero and counting whole centimetres. Having both metric and inch markings on one ruler makes it easy to compare the two systems during a units lesson. When ruling lines, hold the ruler by its handle and press it flat against the board so the chalk runs cleanly along the edge without smudging the markings.

Because it arrives as two 50cm halves, the ruler stores in a cupboard or storage box and moves between classrooms without difficulty; join the halves with the handle before the lesson and check the joint is firm so the edge stays straight. Schools planning a school lab equipment bulk supply for several classrooms often order it together with the matching blackboard protractor, compass and set squares so every room has the same set of board instruments.

Manufacturer

This ruler is produced by Jain Scientific Equipments Private Limited, the Ambala, Haryana company that trades under the ScienceLab name and makes classroom and laboratory teaching aids f…n our c…
