Description :

Plastic Bottle 1 litre With Screw Cap (Product Code: SLE/MU/01) is a 1 litre plastic storage bottle used to hold chlorine and iodine solutions in a hospital environment. Wards, dressingrooms and clinic stores use it because the screw cap and sound seal keep prepared solutionsclosed, and the mouth is narrower than the body for controlled pouring. It is supplied, assembled,by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India, alongside its lab plasticware range.

Specifications

Parameter	Detail
Capacity	1 litre
Material	Plastic
Shape	Round or square
Mouth	Diameter smaller than the body diameter
Closure	Screw cap; seal must be sound
Condition on supply	Bottle assembled
Intended contents	Chlorine and iodine solutions in a hospital environment
Product code	SLE/MU/01
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Is the 1 Litre Plastic Screw Cap Bottle Used For?

Health facilities prepare chlorine solutions for cleaning and iodine solutions for skin preparation in bulk, then need a safe container to keep them between uses. This bottle serves that purpose: plastic is the right choice for chlorine, which attacks stainless steel, and the screw cap limits spills and evaporation once the bottle is closed.

Good practice is to label each bottle with its contents and the date it was prepared, keep the cap tightly closed, and store it away from heat and direct sunlight. Keep separate bottles for chlorine and iodine rather than switching contents, and check the seal regularly, since the specification requires the closure to be sound. A 1 litre size is easy to carry to the point of use and to pour into smaller wash bottles or bowls.

Supplier

Jain Scientific Equipments Private Limited, known to customers as ScienceLab, supplies this screw cap bottle from Ambala, Haryana, as part of its medical utensils range. Hospitals, clinics, health programmes, dealers and importers can combine it with other ward utensils in one quotation. See the ScienceLab profile to learn more about the company.
