Product Name :

Defibrillator Basic With Accessories

Product Code :

SLE/RAE/10

Website: https://scilabexport.com, Email: sales@scilabexport.com 1226/1-5. Bengali Mohalla. Science Market | 133001. Harvana

Description:

DESCRIPTION:

External defibrillator for adult and paediatric patients, with ECG monitor and printer, synchronised and bi-phasic, portable, AC and battery powered, with accessories.

TECHNICAL SPECIFICATIONS:

Suitable for adult and paediatric patients Supplied with adult and paediatric pads/adapters External defibrillator with ECG monitor Non-directional pads, suitable for bi-phasic impulse waveform

Defibrillator features:

Patient resistance 30 – 175 Ohm (minimum guaranteed range) Load compensation, energy level automatic adjustment to the patient impedance Manual and synchronised defibrillation bi-phasic energy waveform Energy output accuracy ± 15 % Adult and paediatric energy settings Energy output range 2 – 200 J or 2 – 360 J. Adjustable energy output, by steps Charge time to maximum energy < 10 s (mains power supply and battery charged)

ECG monitor:

ECG gain 2.5, 5, 10 and 20 mm/mV (minimum guaranteed) Protection against defibrillation discharges Detection through pads or dedicated ECG cable ECG waveform and analysis, selectable visualisation modes 3-leads ECG cable Adjustable ECG print modes and settings (real-time, manual)

Printer:

Paper width 58 or 72 mm, depending on the available model Internal safety discharge feature Built-in 3-channel thermal printer Print of ECG curves and analysis, events, settings and alarms Paper speed 25 mm/s Compatibility with additional modes and monitoring features, not included (SAED, AED and pace modes, SpO2)

Internal storage for ECG, events (at least 500 or 60 min monitoring) and parameters Integrated control panel with all parameters and controls

Display, backlit flat panel, 5 - 8 inch

Data/USB communication interface

Audio/visual alarms for pads connection, mains/battery power supply status, paper and printer status, system errors

Automatic and manual self-test, continuous check of pads and electrodes connection
