Product Name :

Pan and Goose Neck Trap

Product Code :

SLE/SAH/13

Description :

Pan and Goose Neck Trap (Product Code: SLE/SAH/13) is a sanitation fitting set, made up of a latrine pan and a goose neck water-seal trap, used to add a pan and water seal beneath a squatting plate in latrine installations. It is intended for squatting plates of 120 cm x 80 cm, so sanitation teams and site engineers can match it directly to that plate size. The set is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India, a laboratory equipment supplier in India that also sources water, sanitation and hygiene items.

Key Details

Parameter	Detail
Contents	Pan and goose neck trap, supplied as a set
Intended for	Squatting plate of 120 cm x 80 cm
Trap type	Goose neck (water-seal) trap
Material, dimensions, seal depth	Not stated in our listing — ask us for the details of the set quoted
Product code	SLE/SAH/13
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Is the Pan and Goose Neck Trap Used For?

A goose neck trap is a curved section below the pan that holds back a small amount of water after each use. That water seal separates the user from the pit or drain below, which helps limit odour and keeps flies from moving freely between the pit and the cubicle. Fitting a pan and trap under a squatting plate turns a simple direct-drop hole into a water-sealed latrine that is flushed by pouring in a little water.

The set is chosen for latrines built on 120 cm x 80 cm squatting plates, such as those used in camps, schools and community sanitation projects. When installing, keep the joint between plate and pan firm and leak-free, and make sure the trap is refilled with water after cleaning so the seal is never left dry. Avoid putting stones, rags or other solid objects into the pan, as they can block the bend.

What to Specify When Ordering

- Number of sets — usually one for each 120 cm x 80 cm squatting plate being fitted.
- Confirmation that your squatting plates measure 120 cm x 80 cm.
- Whether a goose neck trap or a P trap arrangement suits your drain layout.
- Delivery destination, within India or for export.
