Description :

Description:-

Latrine superstructure kit for use with standard squatting plate of dimensions 120cm x 80cm. This kit is for one cabin (single cubicle).

Specifications:-

Latrine superstructure kit for use with standard squatting plate of dimensions 120cm x 80cm. This kit is for one cabin (single cubicle).

This complete latrine cabin kit is for deployment with e.g. trench latrine installations, or with single slabs.

The kit shall be complete, ready to install, and not requiring any materials to be sourced incountry for the initial installation. (However it is allowed to foresee the design for later repairs withlocal available materials).

The overall structures shall be of lightweight, rigid, durable and sturdy design, climatically stable and resistant to withstand heat, wind, dust, rain and manual cleaning, including stronger windy conditions.

The kit is easy to assemble to provide a stable and durable installation for one latrine stance/cubicle in emergencies. Used for family or communal latrines, health centres, feeding centres, schools etc., it is composed of a Superstructure with lockable door, roof/cover andnatural ventilation/aeration.
