Product Name :

Osmosis Simulation Activity Model

Product Code :

SLE/ECB/15

Description :

A striking, visual demonstration of osmosis.
Quick and easy demonstration provides a solid understanding of osmosis and how it occurs.
The process can be repeated using a variety of solutes in varying concentrations to observe the change in results. The outcome can even be quantified by measuring the amount of liquid that traveled across the membrane.
Your students will gain insight into this critical process as water diffuses across a semipermeable membrane from an area of higher concentration to an area of lower concentration.

Contact Science Lab for your Educational School Science Lab Equipments. We are best scientific lab equipments manufacturers, scientific laboratory equipments manufacturer, technical educational equipment manufacturer, technical lab equipments manufacturers, tvet lab equipment manufacturers, vocational training lab equipments exporter.
