Product Name :

Bench-Armour Interlocking Bench Mat

Product Code :

SLE/CH/192

Description :

Bench-Armour Interlocking Bench Mat (Product Code: SLE/CH/192) is a 250 x 250 mm heat proof mat that protects laboratory benches from hot apparatus, offered as a long lasting alternative to the old asbestos sheet bench mats still found in many labs. The interlocking design lets several mats be joined into a larger protected area around a heating station. Schools and colleges place it under a tripod stand and wire gauze during Bunsen burner work, and also use it to line trays that hold glassware. It is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala.

Specifications

Parameter	Detail
Type	Interlocking heat proof bench mat
Dimensions	250 x 250 mm
Shape	Rectangular
Key property	Heat proof and long lasting; alternative to asbestos sheet bench mats
Secondary use	Lining storage trays – the matting stops glass sliding and prevents damage to glassware

Typical Use

In a heating practical, each student station gets a mat on which the Bunsen burner and tripod stand, so a hot base, a dropped gauze or a spill from a boiling tube lands on the mat and not on the laminate or wooden bench top. Where a teacher needs a wider protected zone, for instance for a demonstration with two burners or a water bath, several mats can be interlocked side by side. Replacing ageing asbestos sheet mats with these is one of the simpler lab equipment accessories upgrades a school can make, because it removes an outdated material from everyday handling.

Off the bench, the same mat laid in the bottom of a storage tray or drawer keeps beakers, flasks and test tubes from sliding into each other when the tray is carried. Let the mat cool before stacking or storing it, and wipe it with a damp cloth to remove chemical splashes.

Supplier

This bench mat is supplied by Jain Scientific Equipments Private Limited, the company behind the ScienceLab name, located in Ambala, Haryana and serving teaching and research laboratories with apparatus and accessories. Visit the company profile to learn more.
