Description :

Burette Stand, Hard Wood, Single (Product Code: SLE/LR/18) is a polished hardwood stand and clamp used to hold one burette upright over a titration flask at an individual student's place in chemistry practicals. Its compact 200 × 110 mm base, with rods of approx. 460 × 16 mm, fits narrow benches and lets a school equip every student position with its own titration set-up. It is made by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, an OEM manufacturer of chemistry lab equipment in India, at its own factory in Ambala, for school and college labs.

Specifications

Parameter	Detail
Type	Single burette stand with clamp
Material	Polished hardwood
Burettes held	One
Rods	Approx. 460 × 16 mm
Base	200 × 110 mm
Product code	SLE/LR/18
Manufacturer	Jain Scientific Equipments Pvt Ltd (ScienceLab) — OEM
Country of origin	India (made in Ambala, Haryana)

What Is the Single Hardwood Burette Stand Used For?

In class 11 and 12 volumetric analysis, each student usually runs their own titration, and a single stand per place keeps everyone working independently. The burette is held in the hardwood clamp above a conical flask, the student adds titrant drop by drop, and the end point is read from the burette scale. The small base also makes the stand easy to carry to and from the store room and to line up on shelves.

Before filling, check that the burette hangs straight in the clamp so the reading is not distorted. Wipe acid or alkali splashes from the polished wood promptly, keep the stand clear of burners, and let it air-dry after cleaning. For demonstrations or paired work, a double stand may suit better.

What to Specify When Ordering

- The number of single stands, typically one per student place.
- Whether a few double stands are wanted for teacher demonstrations.
- Whether burettes, flasks or burette racks should be included in the quote.

OEM Manufacturer

The single hardwood burette stand is made by Jain Scientific Equipments Private Limited under its ScienceLab brand, as the OEM (original equipment manufacturer), at its own licensed factory at Sa
