Description :

Retort Clamp with Bosshead, Rubber Jaws (Product Code: SLE/LC/15) is a rubber-lined diecast alloy clamp used to grip smooth glassware, plastic bottles and tubing firmly on alaboratory retort stand. Its bosshead takes rods up to 15 mm in diameter, and the rubber liningadds friction so smooth, slippery items stay put during room-temperature work. It is produced by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, an OEM manufacturer of school chemistrylab equipment in India, at its own factory in Ambala.

Specifications

Parameter	Detail
Body	Diecast alloy
Jaws	Rubber-lined
Bosshead	Included; accommodates rods up to 15 mm diameter
Usage	Laboratory
Product code	SLE/LC/15
Manufacturer	Jain Scientific Equipments Pvt Ltd (ScienceLab) — OEM
Country of origin	India (made in Ambala, Haryana)

What Is the Rubber-Jaw Retort Clamp with Bosshead Used For?

Rubber linings give a firm, non-slip hold on smooth and slightly wet surfaces, which makes this clamp a good fit for separating funnels, measuring cylinders, gas jars during collection over water, and plastic bottles or tubing that a hard jaw might dent. The bosshead lets the whole unit be set at any height on a rod of up to 15 mm diameter.

Rubber softens with heat and can swell on contact with some organic solvents and oils, so this version is suited to room-temperature work; for warm glassware the cork-jaw version is the usual choice. Inspect the linings from time to time and clean them with water and a mild detergent rather than solvent. Tighten the bosshead first, then the jaws, so the vessel is never left hanging on a loose clamp.

What to Specify When Ordering

- Quantity — the number of clamps per stand or bench.
- Rod diameter — confirm your stand rods are no thicker than 15 mm.
- Jaw lining — rubber for grip at room temperature, or cork for warm apparatus; many labs order some of each.

OEM Manufacturer

The rubber-jaw clamp is an OEM product of ScienceLab, the trading name of Jain Scientific Equipments Private Limited, and is manufactured at the company's own licensed factory at Saha, Amba lia and i ou need ctly, so as
