Product Name :

Minibeast Magnifier

Product Code :

SLE/PHY/324

Email : sales@scilabexport.com
Phone: +91-7082934803

Description :

Minibeast Magnifier (Product Code: SLE/PHY/324) is a hand-held bug viewer, a small viewing pot with a magnifying lid, used by young children to observe living creatures up close in early years and primary science. Made for outdoor discovery in the school garden or at a rockpool, it supports a “Hurt no living thing” approach and suits any hands-on science kit for primary schools. It is made by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, an OEM manufacturer and school science kit supplier in India, at its own factory in Ambala.

Key Details

Parameter	Detail
Type	Hand-held viewing pot with magnification lid (bug viewer)
Intended users	Early years and young children
Typical settings	School garden, rockpool and other outdoor habitats
Teaching message	“Hurt no living thing” — observe, then release
Product code	SLE/PHY/324
Manufacturer	Jain Scientific Equipments Pvt Ltd (ScienceLab) — OEM
Country of origin	India (made in Ambala, Haryana)

What Is the Minibeast Magnifier Used For?

Children use the Minibeast Magnifier to take a closer look at the small animals they find outdoors: beetles, ants, woodlice, snails and rockpool creatures. The creature sits in the pot while the child looks down through the magnifying lid, so small features such as legs, antennae and body segments become easy to see and count. It turns a garden walk into a real investigation, with drawing, sorting and naming to follow.

Coax each creature in gently with a leaf or soft brush rather than fingers, keep the pot in the shade and limit viewing time. The pots also carry an important lesson: every minibeast is a living thing that must not be harmed, and once the children have finished investigating it should be let go, preferably in the same place it was found.

OEM Manufacturer

ScienceLab, the trading name of Jain Scientific Equipments Private Limited, is the OEM that makes the Minibeast Magnifier at its own licensed factory at Saha, Ambala, Haryana, India, alongside its other insect-viewing containers. The company is a registered MSME (Udyam UDYAM-HR-01-0003714), and export orders are shipped under Importer-Exporter Code AAECJ8618A (DGFT). Schools, nurseries, kit makers, dealers and importers buy directly from the manufacturer; see our company profile for more.
