Product Name :

Metal Gooseneck Stand

Product Code :

SLE/M/131

Email : sales@scilabexport.com
Phone: +91-7082934803

Description :

Metal Gooseneck Stand (Product Code: SLE/M/131) is a metal stand with a flexible gooseneck arm, typically used to hold a compact digital microscope or camera steady over a specimen in classroom and laboratory imaging work. Because the arm can be bent and left in position, it frees the user's hands and keeps the image still for focusing and capture. This microscope accessoryis supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India, a school lab equipment supplier serving India and international markets.

Key Details

Parameter	Detail
Type	Stand with a flexible gooseneck arm
Material	Metal
Product code	SLE/M/131
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Is the Metal Gooseneck Stand Used For?

Hand-held digital microscopes and small cameras are hard to keep still at high magnification: a slight tremor blurs the live image and makes captures and measurements unreliable. Agooseneck stand holds the device at a chosen height and angle above the specimen, so students can focus once and then concentrate on observing, sketching or recording. It also helps in demonstrations, where the teacher needs both hands to move the specimen while the image is shown on a screen.

Bend the gooseneck gradually into position rather than forcing it in one movement, and support the device while adjusting so it does not swing into the specimen. Stand it on a firm, level surface and keep cables slack so they do not pull the device out of position. As the listing does not state the mounting size or compatible devices, confirm fit with us before ordering it for a particular microscope or camera.

What to Specify When Ordering

- The make and model of the digital microscope or camera the stand will hold
- The number of stands required
- Whether a USB digital microscope should be quoted with the stand

Supplier

Jain Scientific Equipments Private Limited, trading as ScienceLab, supplies the Metal Gooseneck Stand from Ambala, Haryana, to schools, colleges, dealers and importers in India and international markets, usually alongside the digital microscopes and cameras in our range. For vendor registration, the supplying company's details are GSTIN 06AAECJ8618A1ZT and LEI 3358004HRD1JIVXKYX49. More about the company is on our company profile page.
