Product Name :

Treble Antimicrobial Trolley with Deep Trays

Product Code :

SLE/HF/56

Description :

Treble Antimicrobial Trolley with Deep Trays (Product Code: SLE/HF/56) is a silver tray-storage trolley whose surfaces are treated with an antibacterial additive, supplied with 12 Deep Trays. The treatment is designed to stop bacteria and viruses spreading on the trolley's surfaces, giving built-in antimicrobial protection against MRSA, E. coli and other infections, so hygiene no longer rests on continual cleaning alone. It suits general school storage as well as safe, hygienic storage of medical, school or first aid equipment. As a school laboratory equipment supplier in India, **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, makes it for clinics, schools and laboratories.

Specifications

Parameter	Detail
Type	Treble antimicrobial storage trolley
Colour	Silver
Surface treatment	Antibacterial additive
Trays included	12 Deep Trays
Suitable for	General school storage; hygienic storage of medical, school or first aid equipment

Typical Use

Deep trays take bulkier items than shallow ones, so a trolley fitted only with deep trays works well for boxed gloves and masks, bandage rolls, splints and first aid refills in a school medical room, or for grouped kits such as a complete titration set or microscope accessories in a science department. With 12 trays across the treble layout, each tray can hold one category, making stock checks and restocking quick.

In sick bays, clinic treatment rooms and shared prep rooms, the antibacterial treatment adds a layer of protection on surfaces that many hands touch. Keep up your normal cleaning schedule with a suitable detergent or disinfectant, label each tray by contents, and place heavier trays in the lower positions.

Manufacturer

This antimicrobial trolley is supplied under the **ScienceLab** brand of **Jain Scientific Equipments Private Limited**, a manufacturer located in Ambala, Haryana, serving schools, hospitals and laboratories. Learn about the company on our company profile.
