Description :

Dropper Bottle (Product Code: SCL312/056) is a 60 ml colourless glass bottle fitted with a dropper, used to store and dispense indicators, stains and reagent solutions drop by drop in school and college laboratories. The clear glass shows the liquid level and colour at a glance, and the bottle is both chemical resistant and heat resistant. It is made by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, an OEM manufacturer of chemistry lab glassware, at its own factory in Ambala, India.

Specifications

Parameter	Detail
Material	Glass bottle
Capacity	60 ml
Colour	Colourless
Dispensing	Supplied with dropper
Chemical resistance	Chemical resistant
Heat resistance	Heat resistant
Product code	SCL312/056
Manufacturer	Jain Scientific Equipments Pvt Ltd (ScienceLab) — OEM
Country of origin	India (made in Ambala, Haryana)

What Is the Dropper Bottle Used For?

Most chemistry benches keep a row of small dropper bottles for the liquids students add a few drops at a time: phenolphthalein or methyl orange during a titration, universal indicator when testing household substances, or dilute acid for a carbonate test. A 60 ml bottle holds enough for a class session without leaving large volumes open on the bench, which makes it a practical piece of any acid base indicator kit.

Because the glass is colourless, a technician can spot at once when an indicator is running low or has changed colour. Label every bottle, return each dropper only to its own bottle to prevent cross-contamination, and rinse droppers with distilled water before refilling with a different solution.

OEM Manufacturer

ScienceLab, the brand of Jain Scientific Equipments Private Limited, is the OEM behind this Dropper Bottle. The company makes and assembles the bottle at its own licensed factory in Saha, Ambala, Haryana, rather than buying it in from a trader, and sells it factory-direct to schools, colleges, institutions and distributors. Replacement droppers or matching bottles for an existing set can be requested from the manufacturer, so just ask us. Our company profile has more
