Description :

Letter pH Indicator (Product Code: SCL390/095) is a paper pH indicator used to show whether a liquid is acidic, neutral or alkaline in school, college and teaching laboratories. Students and teachers use it for fast bench checks where a meter would be unnecessary, and its indicator range covers the full pH 0–14 scale. This pH indicator paper is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India.

Specifications

Parameter	Detail
Product type	pH indicator (test) paper
pH range	0–14
Material	Paper
Use	Testing paper for checking the pH of liquids
Shelf life	Shelf life depends on the chemical, its grade and storage conditions; ask us for the expiry date of the batch you are quoted.
Product code	SCL390/095
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Is pH Indicator Paper Used For?

A strip of the paper is touched to a drop of the test liquid, and the colour it develops is compared with a pH colour chart to read an approximate value anywhere between 0 and 14. Typical classroom uses include sorting household substances such as vinegar, soap solution and baking-soda water into acids and bases, following a neutralisation as alkali is added to acid, and checking water or soil extracts in environmental projects.

Unlike red and blue litmus, which only says acid or alkali, a 0–14 paper gives students a number to record, so it suits results tables and comparisons. For clean readings, apply the liquid with a glass rod instead of dipping strips into a stock bottle, read the colour straight away, handle the paper with dry hands or forceps, and keep the container closed and away from acid or ammonia fumes.

What to Specify When Ordering

- The quantity you need for your laboratory or class groups, and the pack format you prefer (ask us which formats are available).
- Confirmation that the full pH 0–14 range suits your experiments.
- Whether a pH colour chart, litmus paper or a pH meter should be added to the same quotation.
- Your delivery location in India or abroad, so dispatch can be included in the quote.
