Product Name :

Bottle, Polyethylene, Widemouthed

Product Code :

SLE/P/10

Email : sales@scilabexport.com
Phone: +91-7082934803

Description :

Bottle, Polyethylene, Widemouthed (Product Code: SLE/P/10) is a lightweight wide-mouth storage bottle used to hold dry chemicals, granules, specimens and bulk liquids in school, college and research laboratories. Lab technicians value its wide neck, closed by a large 110-mm plastic screw cap, which makes filling and emptying with a scoop or spatula straightforward. It is madeby **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, an OEM manufacturer of chemistry lab equipment for schools in India and abroad, at its own factory in Ambala, India.

Specifications

Parameter	Detail
Product type	Wide-mouth laboratory storage bottle
Material	Polyethylene
Closure	Plastic screw cap, 110 mm
Weight	Lightweight construction
Product code	SLE/P/10
Manufacturer	Jain Scientific Equipments Pvt Ltd (ScienceLab) — OEM
Country of origin	India (made in Ambala, Haryana)

What Is the Widemouthed Polyethylene Bottle Used For?

In teaching laboratories this bottle serves as bulk storage for dry salts and granules, collected soil, seeds or leaf samples, and prepared solutions that do not attack polyethylene. Because it does not shatter like glass, it is a sensible piece of biology lab equipment for schools in India, where containers are carried between the storeroom, the bench and field trips.

Label every bottle with its contents and the date it was filled, and keep the screw cap closed between uses so dust and moisture stay out. Wash it with mild detergent and water before changing contents. Check chemical compatibility before storing strong oxidising agents or organic solvents, and keep the bottle away from flames and hot plates.

OEM Manufacturer

Jain Scientific Equipments Private Limited, trading as ScienceLab, is the OEM (original equipment manufacturer) of this widemouthed polyethylene bottle. Production takes place at the company's own licensed factory at Saha, Ambala, Haryana, India, and bottles go factory-direct to schools, colleges, institutions, dealers and importers rather than through a trader.

ScienceLab is a registered MSME enterprise (Udyam UDYAM-HR-01-0003714) and ships export orders under Importer-Exporter Code AAECJ8618A (DGFT). For repeat orders or replacement caps, ask us and the manufacturer will respond directly. More about the company is on the ScienceLab company profile.
