Description :

Glass Bottle, with Droppers (Product Code: SCI-625/096) is a 60 ml colourless glass dropping bottle used to store and dispense indicators and reagents drop by drop in chemistry and biology practicals. The clear glass lets students see the colour and level of the solution at once, which helps when handling indicators such as phenolphthalein. It is manufactured by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, an OEM manufacturer and laboratory equipment supplier in India, at its own factory in Ambala.

Specifications

Parameter	Detail
Material	Glass bottle
Dispensing	With droppers
Colour	Colourless
Capacity	60 ml
Resistance	Chemical resistant, heat resistant
Product code	SCI-625/096
Manufacturer	Jain Scientific Equipments Pvt Ltd (ScienceLab) — OEM
Country of origin	India (made in Ambala, Haryana)

What Is the Glass Dropper Bottle Used For?

Dropping bottles sit on each bench during titrations and qualitative tests, so students can add a few drops of indicator or test reagent without pouring from a stock bottle. The dropper controls the amount one drop at a time, which saves reagent and keeps results comparable between groups.

Fill the 60 ml bottle from the stock through a small funnel, label it with the reagent name and strength, and return the dropper straight after each use so the solution is not contaminated. Being colourless, this version is suited to solutions that are not light-sensitive. A bench set of dropping bottles belongs on every school chemistry lab equipment list.

What to Specify When Ordering

- Colour: colourless (this listing) or the coloured version for light-sensitive solutions.
- Capacity: 60 ml (code SCI-625/096).
- Quantity: one bottle per indicator or reagent on each bench.

OEM Manufacturer

ScienceLab, the trading name of Jain Scientific Equipments Private Limited, is the OEM of this Glass Bottle, with Droppers. The bottles are produced at the company's licensed factory in Saha, Ambala, Haryana, India, and dispatched straight from the maker to schools, colleges, dealers and impor
bottle
