Description :

Chemical Beaker (Bekera) 1000 ml (Product Code: SCI-151/046) is a one-litre, low-form borosilicate glass beaker with graduations, used for stock solutions, large demonstrations and big heating or cooling baths in school and college labs. Holding a full litre, it lets a teacher prepare enough solution for a whole class in one go and gives a demonstration that students can seefrom across the room. It is manufactured by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**,an OEM manufacturer, at its own factory in Ambala, India.

Specifications

Parameter	Detail
Capacity	1000 ml (1 litre)
Material	Borosilicate glass
Colour	Transparent
Form	Low form
Graduations	Graduated
Resistance	Chemical resistant and heat resistant
Product code	SCI-151/046
Manufacturer	Jain Scientific Equipments Pvt Ltd (ScienceLab) — OEM
Country of origin	India (made in Ambala, Haryana)

What Is the 1000 ml Beaker Used For?

Classic uses include showing convection currents by dropping a single crystal of a coloured salt into water heated from one side, preparing a litre of dilute solution for several practical groups, building a large ice bath to cool reactions, and demonstrating how liquids of different densities form layers. The wide low-form body makes it easy to reach inside with a thermometer, stirrer or tongs.

A full litre of liquid is heavy, so hold the beaker around its body with both hands (never by the rim), heat it only on a sturdy tripod with gauze, and let boiling liquid cool before moving it. The graduations help when making up approximate volumes; for standard solutions, make up the final volume in a volumetric flask. It is a mainstay of chemistry lab equipment in India from school to college level.

OEM Manufacturer

The Chemical Beaker (Bekera) 1000 ml is an own-make product of Jain Scientific Equipments Private Limited, the company behind the ScienceLab brand. As OEM, ScienceLab produces it at its licensed factory in Saha, Ambala, Haryana, India, and supplies it straight to schools, colleges, laboratories, dealers and importers. Talk to the manufacturer itself about replacement beakers or repea
