Description :

Human Reproductive System (Female) (Product Code: SCL491/0215) is a laminated wall chart used to teach the female reproductive organs and their role in ovulation, fertilisation and pregnancy, in school biology and health education. The 75 x 100 cm polyart chart helps students discuss puberty and menstrual health with the right vocabulary and without embarrassment. It is made by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, an OEM biology lab equipment manufacturer in India, at its own factory in Ambala.

Specifications

Parameter	Detail
Type	Chart
Topic	Human female reproductive system
Material	Polyart
Size	75 x 100 cm
Finish	Laminated
Used in	Schools and laboratories
Product code	SCL491/0215
Manufacturer	Jain Scientific Equipments Pvt Ltd (ScienceLab) — OEM
Country of origin	India (made in Ambala, Haryana)

What Is the Female Reproductive System Chart Used For?

Lessons generally start with the paired ovaries, which release an egg roughly once a month and produce the hormones oestrogen and progesterone. The egg is swept into the fallopian tube by its fringed, funnel-shaped opening, and it is in the tube that fertilisation takes place if sperm are present. The fertilised egg moves on to the uterus, whose thick muscular wall and inner lining, the endometrium, support implantation and pregnancy, while the cervix connects the uterus to the vagina, which forms the birth canal.

Teachers then use the chart to explain the menstrual cycle, in which the uterine lining builds up each month and is shed if no pregnancy occurs, and to connect the anatomy to ovulation and hormones. Combined with the male reproductive system chart and an embryology chart, it covers the path from gametes to early development, making it a core item in the human biology section of any school biology lab setup.

OEM Manufacturer

Jain Scientific Equipments Private Limited, trading as **ScienceLab**, is the OEM manufacturer of this chart and makes it at its own licensed factory at Saha, Ambala, Haryana, India. The company is a registered MSME manufacturer (Udyam UDYAM-HR-01-0003714) and ships export order
progr le.
