## Description :

**Modern Periodic Table Laminated** (Product Code: SCL-541/020) is a 4.5 x 3 ft wall chart of the modern periodic table used to teach groups, periods and periodic trends in school and college chemistry. Printed in multiple colours on poly-art plastic sheet, it shows 112 elements withpictures and has a weather-proof, washable and markable surface. It is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India.

### Specifications

| Parameter | Detail |
|---|---|
| Size | 4.5 x 3 ft |
| Print | Multi-coloured, on poly-art plastic sheet |
| Lamination | Good-quality paper laminated with plastic |
| Content | 112 elements shown with pictures in multi-colour |
| Mounting | Plastic pipe at top and bottom; fitted with plastic roller |
| Surface | Weather-proof, washable and markable |
| Product code | SCL-541/020 |
| Supplied by | Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India |

### What Is the Periodic Table Chart Used For?

At 4.5 x 3 ft the chart can serve as the main wall display in a chemistry room, where the class refers to it while working out electron configurations, predicting the formulae of simple compounds or comparing elements in the same group. The multi-coloured print helps students find their way around the table at a glance, and the element pictures help younger learners connect symbols with real substances. It is a practical periodic table chart for Indian schools as well as colleges and coaching centres.

Because the surface is markable, a teacher can circle a group, draw an arrow for a trend in atomic size or highlight the elements covered that day, then wipe the marks away before the next class. Use non-permanent markers and try them on a margin first, clean with a soft, damp cloth, and hang the chart by its plastic pipes so it stays flat; avoid long exposure to direct sunlight to keep the colours bright.

### Supplier

**Jain Scientific Equipments Private Limited**, which trades as ScienceLab from Ambala, Haryana, supplies the Modern Periodic Table Laminated along with other chemistry wall charts and molecular model sets for schools and colleges. Institutions and distributors in India and international markets can order it on the same quotation as their lab apparatus. More background is on our company profile.
