Description :

Paraffin Heater (Product Code: SCL302 /050) is a 7-litre thermostatically controlled bath used to melt and hold paraffin wax at a set temperature, mainly for paraffin wax applications in physiotherapy departments. It heats from ambient to 80 °C with ±1 °C control from a hydraulic-type thermostat, and has an aluminium inner tank inside a powder-coated MS sheet body. It is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India.

Specifications

Parameter	Detail
Capacity	7 litres
Inner structure	Aluminium
Outer body	MS sheet, powder coated
Temperature range	Ambient to 80 °C, ±1 °C
Temperature control	Hydraulic-type thermostat (listed as imported)
Warranty (as listed)	24 months; terms confirmed on the quotation
Product code	SCL302 /050
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Is a Paraffin Heater Used For?

In paraffin wax therapy, a form of superficial heat used in physiotherapy, the wax is melted in the heater and the patient's hand or foot is dipped several times to build up a coating, which is then wrapped to hold the warmth. The 7-litre bath holds the working quantity of wax for these applications. Laboratories can also use the heater wherever a controlled bath of molten paraffin is needed.

Let the wax melt fully, set the thermostat to the temperature your protocol calls for and check the wax with a thermometer before each application. Place the heater on a stable, dry surface, keep the wax level below the rim and remove debris from the bath from time to time. The powder-coated MS body is simple to wipe clean.

What to Specify When Ordering

- Your mains voltage, as the listing does not state the supply rating.
- The number of heaters, for example one per therapy cubicle.
- Whether you also need paraffin wax, which is not listed as included.

Supplier

The Paraffin Heater is supplied by Jain Scientific Equipments Private Limited, Ambala, Haryana, which trades as ScienceLab and serves physiotherapy clinics, hospitals and teaching institutions. Find out more on our company profile.
