Product Name :

Sodium Lamp Kit

Product Code :

SCL/AG26-119

Description :

DESCRIPTION:-

- 45 W sodium discharge tube.
- Housed in a metal shield with a 25 mm diameter aperture.
- For use on 200 – 250 V A.C. supplies
- Low-Pressure Sodium tubular gas-discharge lamp
- It is used for physics and chemistry laboratory experiments, optical polarimetry, and monochromatic lighting
- It is designed to operate with a matching electrical ballast/transformer for laboratory setups and scientific demonstrations
