

Product Name :

Human Skull with Cervical Spine Model

Product Code :

SLE/A/15

Description :

Material: Plastic

Approximately life size.

Dissects into 3 pieces and is mounted on a blue base. Includes laminated key.

A spring attaches the jaw to the skull, so jaw movement can be demonstrated.

Students are able to visualize the skull and facial bones, plus the atlas, axis, and cervical spine with this model.

The calvarium is removable and the basilar artery is visible at the base of the skull, as are the spinal cord and nerve branches.
