Product Name :

Stirling Engine with Alcohol Burner

Product Code :

SLE/H/15

Description :

The Stirling engine uses an external heat source to create a temperature difference that produces energy.

Observe firsthand the conversion of heat into mechanical and electrical energy.

Quality construction means this model will last through many uses.

Moving the pistons and a flywheel so the engine runs.

Easily see all working parts of the engine.

No assembly required. Includes instructions.

Base dimensions: 3-1/2 x 7"

Height to the top of engine: 3-1/4"
