Product Name :

Universal Centrifuge

Product Code :

SLE/LC/03

Email : sales@scilabexport.com
Phone: +91-7082934803

Description :

Universal Centrifuge (Product Code: SLE/LC/03) is a compact bench centrifuge used to carry out routine separations in teaching, clinical and research laboratories. It combines an easy lid lock, a stepless speed regulator and a timer, and it is offered with a choice of rotors so one base unit can match the tubes a laboratory already uses. It is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India, as part of its range of laboratory instruments in India.

Key Details

Parameter	Detail
Type	Compact centrifuge for routine laboratory work
Speed control	Stepless speed regulator
Timer	Fitted
Lid	Easy lid lock
Rotors	Available with a choice of rotors (confirm options when ordering)
Product code	SLE/LC/03
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Is the Universal Centrifuge Used For?

The Universal Centrifuge is used for the many short, repeat separations of a working day: spinning down routine samples, clarifying extracts, collecting precipitates and pelleting cells before washing. Stepless control lets the operator set the speed a method asks for instead of the nearest fixed step, and the timer gives every batch the same run length, so results stay consistent between students or shifts.

The easy lid lock keeps the lid shut while the rotor turns, which matters when several people share one instrument. Its compact body fits a crowded bench beside a water bath or microscope, making it useful biology lab equipment in India for departments that mix teaching with routine testing. Load balanced pairs, set the timer before starting and wait for the rotor to stop before releasing the lid.

What to Specify When Ordering

- The rotor you need, described by tube size and number of places
- Number of units for the laboratory or department
- Whether tubes and racks should be quoted with the centrifuge
- Mains voltage and plug type at the delivery site for export orders

Supplier

Jain Scientific Equipments Private Limited, which trades as ScienceLab, supplies the Universal Centrifuge from Ambala, Haryana, to laboratories and dealers in India and international markets. Purch
